

Nifty 120T Trailer Mounted Access Platform

Nifty 120T

Trailer Mounted Access Platform

Designed specifically to give maximum performance from the most compact chassis possible, the Nifty 120T utilises its versatile telescopic boom to deliver unrivalled working outreach. Hydraulically operated outriggers make set up quick and easy and telescopic axles coupled with a compact base make this one of the most manoeuvrable 12m trailer mounts available.

Safety Features:

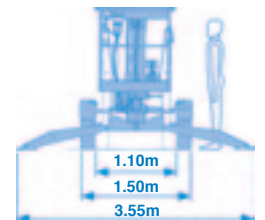

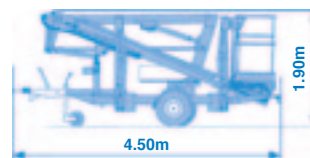

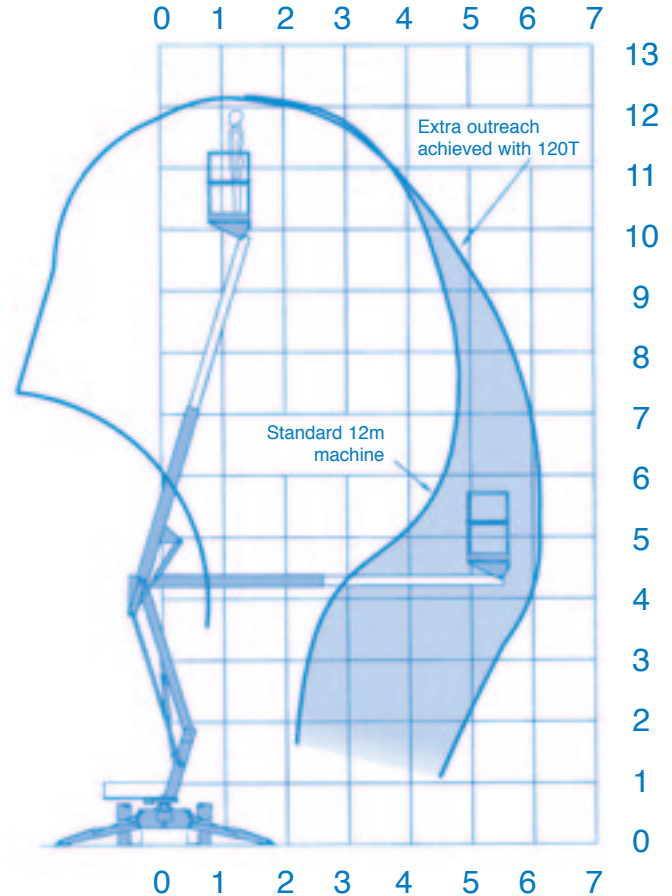

- Pressure sensitive outriggers with interlocks & audible alarm
- Dual controls (platform & base)
- Emergency descent system with hand-pump
- Lock valves on all hydraulic cylinders
- Overrun brake system with gas spring handbrake
- CE Mark

The telescopic boom provides outstanding working outreach especially at lower level where it's needed most.

Telescopic axles and compact dimensions allow the Nifty 120T to manoeuvre with ease even in the most restricted areas.

Specifications

Working Height	12.20m	40ft
Platform Height	10.20m	33ft 6in
Working Outreach	6.10m	20ft 1in
Slew	360°	
Travelling Width	1.50m	4ft 11in
Working Width	3.55m	11ft 8in
Axles Retracted Width	1.10m	3ft 7in
Height Stowed	1.90m	6ft 3in
Overall Length	4.50m	14ft 9in
Weight	1400kg	3080lbs
Platform Capacity	200kg	440lbs
Platform Size	1.10m x 0.65m	3ft 8in x 2ft 1in
Control Systems	Fully proportional hydraulic controls	
Power Options	Bi-Energy (engine and battery)	
	Mains only	
	Battery only	
	Petrol or diesel engine only
