

# Rack and Pinion Hoists For Hire

A low-angle, upward-looking photograph of a building under construction. The structure is heavily encased in metal scaffolding and safety netting. A large, industrial hoist, branded with the 'GEDA' logo, is suspended from the scaffolding. Green tree leaves are visible in the upper right corner, framing the scene. The overall lighting is bright, suggesting daytime.

**“Our passion is your projects success!”**

- Specialisation in Vertical Mast rack & pinion-type hoists
- Comprehensive range covering Goods Only and Goods & Personnel hoists from 200KG to 2400KG
- National coverage available (minimum 12-week hire period for out-of-area)
- Dedicated Installation & Engineering Teams (NVQ Qualified & Manufacturer Trained)
- Provision of CAD and technical drawings as required
- Deliver install, strike (dismantle) and collect in line with customers parameters
- Sign-off and familiarisations conducted by our own competent Team upon completion of the installation
- Flexible scheduling for periodic inspections based on customer or site requirements
