

# GEDA 300Z DOUBLE BARROW

## 300kg Double Barrow Electric Hoists

### GEDA 300Z DOUBLE BARROW GOODS LIFTS

This double barrow rack and pinion hoist can be used for materials only. The "Double Barrow" hoist's cage is twice the size of the regular Geda 300Z's, so is ideal for more bulky loads up to 300kg - Geda 300Z Double Barrow hoists can be attached to scaffold or directly to a building using wall mounts.
